

GRANGER FARMERS MARKET VENDOR COVID-19 SAFETY PLAN

Name of Business: My Fun Farm

1. Please provide a description of the essential service that you provide.

- We sell fruits and vegetables grown on our farm.

2. How do you plan to protect you own health (such as hand hygiene, sneeze barriers, etc.)?

- We will wear face masks and gloves while serving the public
- We will stay home when we are sick with fever, coughing and sneezing
- We will wash/sanitize our hands when we first arrive at the market, after using the restroom, and frequently throughout the day. We will avoid touching our eyes, nose and mouth.
- We will have hand sanitizers for our employees available.

3. How do you plan to protect customers from exposure while at your booth?

- We ask our customers to please wear masks.
- We will sanitize commonly touched surfaces and objects frequently.
- We will enforce social distancing by having customers wait in line at least 6' apart.
- We will limit shoppers' ability to touch product they are not buying.
- We will add signage about how we appreciate our customers, and what we need to do and what the customers need to do, and not do, in our booth.

4. What is your plan to reduce touch points in the booth, including:

- Keeping designated "Display Only" items for customers to view or handle, when possible.
- Pre-bagging/pre-packaging/pre-weighing food when possible.
- Discontinuing all product sampling and self-serve areas.
 - We will provide "Display Only" items for customers to view or handle.
 - We will prohibit product sampling

- All purchased food must be taken to be eaten at home
- We will pre-bag/pre-weigh produce in 1lb bags. We will price items in a manner that reduces the need to provide making change with coins.
- We will not allow customers to use their own bags.
- We will not have any high touch items (like condiment bottles, push pumps, etc.) at our booth.
- We will not allow self-serve products.
